

Call To Action!

One way to help the environment is to ask Elected Officials to take action and address issues that you care about. You can write to your elected official about recycling, keeping our water clean and drinkable, air pollution, or anything that is important to you.

It is an elected official's job to listen to constituent(voters) concerns and act on them with legislation(laws). Below is a template letter you and your family can use and a list of representatives you can contact.

Dear [Mayor/Representative/Senator/Governor] [NAME],
